The HOTSPOT is easy to use and can support up to **5 devices** at the same time!

## HOW TO USE THE WI-FI ROUTER:

1. Check that the Wi-Fi router is charged and turned ON
2. Activate Wi-Fi on your mobile/laptop and choose the network: "ADRIATIC CHALLENGExx" (where xx = number of the device)
3. Enter the Wi-Fi KEY: 8-digit number located on the back of the Wi-Fi router

Please note that, depending on your location, network coverage in the Adriatic may not be high-quality or available at all so you may experience low-speed or no connection in some areas. If you are having trouble connecting, please call +385 (0)99 733 1536.
